

Curriculum Vitae

Erik Bennerhed

2020-09-23

Education

Interaction Design, MSc

Chalmers University of Technology 2018 – 2020

Cognitive Science, BSc

Linköping University 2015 – 2018

Chinese (Mandarin)

Gothenburg University (0-60 ECTS) 2013 – 2014

Xiamen University, China (Language Course) 2014 – 2015

Work Experience

Summer Intern – User Experience | Toyota Material Handling 2019, Summer

Joined a team of summer interns to research and propose solutions for an upcoming feature. I also helped the ordinary UX team conduct small tasks such as pilot researching and conducting a thorough design review of one of the company's platform planned for revamp.

Teaching Assistant – Interaction Design | University of Gothenburg 2019, Spring

Acted as a supervisor for bachelor level students taking an introductory course in interaction design.

Summer UI-Designer | Kansei Sentira & LiU Innovation, Linköping 2018, Summer

Joined a project to help a LiU professor produce a design for a research-based website tool. This was made as a part of "Sommarmatchen", a program where some students from LiU help researchers and professors with promising projects to help them with various topics they themselves do not have any skills at.

Software Tester | EVRY, Gothenburg 2017, Summer

Via EVRY at SKF's IT-department for Machine Health. For 5 weeks I partook in one long Scrum-sprint which aimed to develop a platform for train operators to monitor the health of their train's bearings. My responsibilities were mainly to test, verify and document different functionalities that were developed.

Quality Assurance | ProSiebenSat.1 Group, Unterföhring, Germany 2013-2014

Helped a team find, reproduce and compile information about bugs and spelling errors in some of the company's games. I also visited the game's official forums to find and forward information about potential bugs that had reached the live version.

Other responsibilities

Head of Marketing | Board of Student Section KogVet'17

Acted as Head of Marketing (& indirect Head of Company Relationships, *Swedish: Näringslivsansvarig*) for the Student Association of KogVet at Linköping University.

Sponsor-Coordinator | KVIT 2016, Linköping, Sweden

Yearly symposium about Cognition and IT. I handled relations with various companies and organisations that sponsored the event. 2016 year's KVIT received great feedback from its visitors.

Languages

Swedish	Mother language
English	Highly proficient
Chinese (Mandarin)	B1-level

Driver's license

Swedish B-class
